

KARRI GOWTHAM VENKATA REDDY

COMPUTER SCIENCE AND ENGINEERING

Vijayawada, Andhra Pradesh, India

2300032792cseird@gmail.com — 6303068154 —  LinkedIn —  GitHub —  Portfolio

CAREER OBJECTIVE

Final-year CSE student at KL University with hands-on experience building full-stack and AI-integrated systems, including a real-time face-recognition attendance platform and a published research paper on robotics. Strong foundation in data structures, system design, and end-to-end product development. Seeking a Software Engineer role to build scalable, production-grade features and grow within a fast-paced engineering team.

EDUCATION

KL University, Vijayawada

2023–2027

Bachelor of Technology in Computer Science and Engineering

Percentage: 91%

Sree Navodaya Junior College, Visakhapatnam

2021–2023

Board of Intermediate Education, Andhra Pradesh

Percentage: 84%

TECHNICAL SKILLS

- **Programming Languages:** Java, Python, C, JavaScript, TypeScript (basic)
- **Frontend Development:** React.js, HTML5, CSS3
- **Automation & AI Tools:** Anti Gravity, UiPath, Automation Anywhere,
- **Tools & Platforms:** Git, GitHub, VS Code, MATLAB

PROJECTS

AI-Based Smart Attendance Management System

GitHub

- Built a full-stack AI attendance system with role-based Admin, Faculty, and Student portals using React.js, Node.js, Express.js, and Firebase.
- Implemented real-time AI facial recognition to auto-mark attendance and eliminate proxy attendance, with reporting dashboards and cloud deployment on Render/Vercel.

AI-Based E-Commerce Recommendation Web Application

- Built a full-stack web app using React.js, HTML, CSS, and JavaScript with modular component architecture, responsive UI design, and cross-browser compatibility.
- Integrated frontend with backend APIs handling data flows, implemented AI-driven recommendation logic, and used Git/GitHub for version control.

PUBLICATIONS

AI-Integrated and Energy-Optimized Robotic Systems for Autonomous Water Surface Purification: A Comprehensive Survey

AISES Journal, 2025

Publication Link

- Published research on AI integration, intelligent automation, and scalable engineering systems.
- Conducted technical analysis and literature evaluation in AI-driven system design.

INTERNSHIP EXPERIENCE

Virtual RPA Developer Intern, AICTE–EduSkills

Apr 2025 – Jun 2025

- Designed and debugged automation workflows using UiPath Studio, improving process execution efficiency.
- Gained exposure to event-driven automation patterns applicable to agentic AI workflows.

CERTIFICATIONS

- AWS Certified Cloud Practitioner – Amazon Web Services (AWS) May 2026
- Oracle Cloud Infrastructure 2025 Certified AI Foundations Associate – Oracle Feb 2026
